### Northwestern Breeders Meeting.

CHICAGO, Ills., Aug. 19.—The third day of the breeders meeting was splendid with a perfect track and clear sky. The opening race for the afternoon was the Inter-State stakes, trotting, for three-year-olds, two in three. The starters were: Broomal, by Stranger, owned by C. E. Lyle, of Dowagiac, Mich., driven by M. E. McHenry; Faustino, brown colt, owned by Waters Stock Farm, driven by John Dickerson, who has conditioned and driven this great colt since his yearling performance; Tip Tyler, black colt, by Wilton; Stamina, by Patron, of Patron Farm, and driven by Saunders. The first heat in 2:18, taken by Faustino, is the fastest mile record by any three-year-old stallion in a race. His losing the next heat in 2:26½ was owing to several stumbling breaks on the back stretch, but he went away fast the third heat and won it hands down in 2:19¾. Two remarkable heats for a three-year-old.

The 2:15 pace, purse $1,000, brought out a large field of seasoned winners, and each heat was hotly contested from wire to wire, and, evidently there was no pulling, as the summaries show each heat of the six to have been paced better than 2:20, and the average for the six heats in 2:16. Mascot was well thought of in the pools, for his victories at Detroit and other points east, but could only get fifth place in the first heat, but went away and won the second heat in 2:14¼. He was most unfortunate in the third heat while pacing up the back stretch near the half-mile pole he caught his foot in a boot and made a tumble, which threw horse, sulky and driver in a heap, but a crowd of stable boys soon assisted them to their feet, but the shock was so great they did not start again, although the judges awarded him ninth position in the finish. Red Bell, owned at Fort Wayne, Ind., and driven by Wm. Mellon, of Michigan, won the first heat in 2:16, but not another heat could he get, although he finished second and third to Major Wonder later in the race. A rule that was published in the beginning of the meeting, that any horse not winning a heat in four, should not start, was news to a great many of the visitors, but it was explained from the judges' stand when only three horses were brought out in the 2:15 pace. Major Wonder, Red Bell and Telegram each had one heat and were the only starters, Mascot not being in shape to start.

In the 2:17 trot, purse $1,500, Vic H. was thought to be invincible in this race and the talent played the mare to the tune of $100, Thornless $50, Junemont $15 and the field $7, although the brown mare from California went on and won the race after dropping two heats, the talent got badly dumped, as they hedged when she lost the third heat of the race, and at that time stood anything but a winner. Vic H. took the first heat, Thornless the next two, Vic H. the fourth, then Vic H. and Thornless were all that started in the fifth heat, which was won by Vic H. By request of John Carey, the owner and driver of Junemont, John Dickerson was put up behind that horse in hopes he might save his chances of starting for the fifth heat, as he had finished second three times, but Johnny could do no better with him and he had to go to the barn with the rest.

Dashwood is a nice formed bay stallion, by Red Wilkes, and in this race showed his ability to beat 2:28, but he has a very unsteady way of trotting and his unbalanced motion is liable to throw him off his feet at any moment, but was controlled beyond expectation by the masterly driver S. L. Caton, of Adrian, Mich.

In the 2:24 pace, purse $1,000, there were twenty-four entries and nineteen starters, the managers concluded to devide the race, giving the same money to each class, which gave them one extra race for the afternoon, and this together with the delay in starting and the light shower at 6:30 prevented the starting of the 2:29 trot, or the finishing of either division of the 2:24 pace.

The celebrated pair of mares Nancy Hanks, 2:12¼, by Happy Medium, and Margaret S., by Director, were billed for a match race, special for $2,000, and at 4:45 Nancy Hanks appeared driven by Doble, the mare looking fine and evidently able to go a fast mile, soon Margaret S. appeared driven by Starr. They both were loudly cheered as they came past the stand, where 6,000 people had assembled to witness the fourth day's program. The first heat was very slow and did not cause any special comment from the audience, rather grunts of discontent. The second heat being but one and a quarter seconds faster did not look quite satisfactory to the judges, and when the entire crowd yelled "no heat" Messrs. Doble and Starr were called into the stand and interviewed. The final decision was, that, Starr had satisfied the judges that Margaret S. was off and in no shape to give Nancy a race. That he requested and was granted the privilege of drawing his mare. That Doble would send Nancy Hanks the third heat with a runner for a fast mile.

Among the prominent horsemen and breeders noticed the fourth day were: W. S. Hobart, owner of Stamboul, 2:11¼; C. H. Nelson, owner of Nelson, 2:10; C. W. Williams, owner of Allerton, 2:12; W. P. Ijams, part owner of Axtell, 2:12; W. H. Wilson, of Cynthiana, Ky.; Mr. Campau, of Detroit, and others. Several horses went against time, but no system of reporting could get on to any of it.

CHICAGO, Ills., Aug. 21.—The light shower the evening before had placed the track in such condition that no fast time was expected until later in the day, as it had hardly dried out and was lumpy, but by four o'clock it was the finest it had been during the meeting.

Promptly at 12:30 the first division of the 2:24 pace was called, which only included Dumas and Shiel, Dumas had two heats and Shiel one. Shiel went on and won the next two heats in fast time compared to the heat of 2:35 the day before, which performance only went to show the coon in the fence some where. His mark now is a very creditable one—2:21¼.

The 2:24 pace, second division, with Dick H. and Otto W. as contestants was the next race called, and as Dick H. had two heats to his credit the day before, it was quickly ended, he going away steady and keeping the lead to the wire, beating

Otto W. out by a length in 2:23. Another great victory for an Indiana pacer—2:19¼, to the credit of a good son of American Boy, 2:26.

The postponed 2:29 trot, purse $2,000, was very hot and exciting from end to end and resulted in another victory for Pedro L., a son of an Indiana sire, Bassett M., by Masterlode. James Nebro behind Elko, by Lumps, drew the pole with Pedro L., Stanley, Pilot H., Andrew Allison and Clara Wilkes as the field in the order named. The betting was: Clara $50, Elko $25 and field $11. Pedro L. takes the pole from Elko at the first turn followed closely by Elko and Stanley—same at the half. Elko broke at the distance, but recovered in time to finish second behind Pedro L.—Time—2:22. In the second heat Jackson I. Case, who had driven Clara Wilkes filled up on pools and put McHenry up with the intention of winning back what he had lost previously on the mare, but the best of drivers require plenty of speed in order to win in hot company, and so it proved in this (case.) Pedro L. started the ball rolling and immediately McHenry made a drive for the pole, but could gain but second place, and as they neared the first quarter the positions were, Pedro L., Clara, Allison and the field. McHenry made a hot drive to get this heat, but Pedro was too fast and Clara took second place. Time—2:21¼. The third heat was a repeater, Clara Wilkes getting second place to Pedro L. Time—2:21¾.

The next race was the Columbia stakes for two-year-old trotters, mile heats, two in three. Monbars, West Wilkes and Vassar were named, but it was announced that Monbars would not start in the two-year-old race, but would go against time with a runner later in the day. With the great Monbars drawn, the race was a very tame affair, and a simple relate is all that is necessary.

Time—2:41¼, 2:33¾.

During the meeting Vassar made four unsuccessful attempts to enter the 2:30 list, but 2:30¾ is now his mark.

The 2:20 trot, purse $1,000, had twelve names on the card, Neva Seeley, Twilight, Katherine S. and Bloomfield not appearing for the word. New York Central drew the pole and was named as the winner and certainly had the speed of the party, but alas, the unsteady trotter as a rule is not a winner. C. P. Doble drove him in place of Budd, and he played the dance act several times in every heat, which lost him the race. Honest George won the first heat in 2:19¾, Central finishing at his wheel, Aline third, field back. In the second heat New York Central gets away fast, but goes high and wide at the first turn and falls back, Pickpannia leads by ten lengths until the half with the field well strung out, with same position at the finish ten lengths in advance of Aline in 2:18. In the fourth heat Pickpannia leads at the first quarter, Central draws up and passes the mare like a shot, but at the half the leaders are bunched, including Aline and Honest George they all go steady as a clock until within 150 yards of the wire, where Aline shows her head and nips the heat from George by a head. Time—2:17¾. The fifth heat was very similar, Aline making a sweeping finish, George second, Pickpannia third, all others having been sent to the barn for not getting a heat in four. In the sixth heat Pickpannia is determined after resting several heats to capture the final one, but Honest George now takes his place to the front a nose in advance of Aline in 2:23. The seventh heat postponed.

In the 2:13 trot, Alvin, Homestake and McDoel have three hot and driving finishes for first money. McDoel stands favorite in the pools, but it is about time for Homestake to make his bow for the season, and as Mr. Salisbury, nor Starr do very little hard driving until their material is seasoned, they have not been anxious to make a killing until this afternoon. Homestake wins the first heat in 2:15¾, with McDoel after him close up, Alvin having made a wild break at the first turn he made no effort, but to beat the flag. The second heat they all go bunched to the upper turn, where McDoel makes a flounder, but settles quick enough to save his distance, Homestake first, Alvin six lengths behind. Time—2:16¼. The third heat goes to Homestake in 2:17¼ an easy winner.

At 4:45 Nancy Hanks accompanied by a runner went the third heat of the unfinished special and succeeded in equaling her famous mile of two weeks ago of 2:12¼. The fractions of the mile were: First quarter 33¾, half 1:07½, three-quarters 1:40¾, mile 2:12¼; 33¾, 33¾, 33¼, 31½ for each quarter, showing the rating to be fine for a fast mile.

Monbars was introduced to the public to-day in a manner second to no horse living or dead for his age and opportunities, by trotting a mile with a runner without a false move, driven by Budd Doble in 2:21½. He is a black stallion, two years old, by Eagle Bird, son of Jay Bird, and has not been in any races, but went to beat the two-year-old record of Bell Boy of 2:26 over this same track. The smile on Doble's face when he saw the time hung out would captivate the fairest, and the cheers of the multitude only added to the glory of the act. There is something more than speed and breeding in this colt; he is a model horse in make up, strong as a three-year-old, with nerve and quality to the core.

The next race was for 2:40 trotters, purse $2,000, three in five. Veda, by Electioneer, and Daisy Garfield, by Garfield, were on the score card but did not start. Pat Downing looked like a winner, and from some of his previous miles was sold for $50, field $15. Pat drew the pole and was away like a flash, Tom Pugh gave him a race to the upper turn closely followed by Edith Sprague, where Pugh broke and did not try further for the heat, only saved his distance, Jenny Star at his wheel. In the second heat Tom Pugh and Sprague chase Downing to the half, but Downing is not crowded in either heat and wins in 2:24 and 2:27. In the third heat Pat Downing shows the field and the audience a race horse, pulls away steadily, is fifty yards in the lead on the back stretch and finishes rapid with the field fighting the flag in the fast time of 2:18.

Ambrosial starts to beat his record of 2:36, but could not finish better than 2:37. J. I. C. was driven several fast miles in his work out, but as he has faded out to a light brown but very few got on to the idea that so fast a horse was before them. There was no demonstration made by the people over him.

CHICAGO, Ills., Aug. 22.—At one o'clock Pickpannia and Aline started to decide the final heat in the 2:20 trot that was unfinished Friday. Pickpannia takes the pole before rounding the first turn and leads away to the front at the quarter and half, then Aline draws up a few lengths, and as the three-quarter pole is reached Aline is six open lengths behind, both mares going steady. At the distance Aline pulls for the leader and by giving a hard and fast drive, one of those kind that Aline is noted for, is on even terms with Pickpannia at the wire. It is half an hour before any decision is given. The time hung out was 2:20, but the judges give it out no heat and put up Dickerson behind Pickpannia, and she goes out and wins the next heat under the whip in 2:22¾. Honest George did not cut any figure in the first heat and Starr was put up behind him in the last and got distanced on account of a bad break on the back stretch. Third money was given to the owner of Honest George, altough, according to rule a distanced horse draws no part of the money. It was very evident to the judges, on second thought, that George would not have been distanced had his regular driver been up. There was grave fears that the judges would give Mr. Miller a sample of the Dr. Sale "Temple Bar case," but it was fortunate for him that it did not happen in Cleveland.

The first regular race for the day was the 2:26 trot, purse $1,000. Nothing of grave importance happened in this race. The time was fast and a field with eight starters kept things lively. Charleston kept the ball rolling until he had reeled off three heats in 2:23, 2:22 and 2:20¾. The finish was hot between Charleston and Mikegan every time, but the chestnut son of Bourbon Wilkes could not be reached in either heat.

The 2:26 trot, purse $1,000, was a great surprise to all. Andrew Allison was in a fair way to walk off with first money in one, two and three order, but in the third heat a new factor bobbed up in Jennie Sprague, who had not before finished better than seventh place, and from the way she had been showing in trials against the watch, there was not a man in the crowd that would bet a dollar she could beat 2:30, but when she got the pole she marched away and made a spectacle of the entire party, finishing strong and fast twenty lengths in advance of her nearest rival in the fast time of 2:21¼. She was the Queen Bee from that out and the last heat jogged six rods and finished in 2:24½, Allison being her only competitor in the fifth heat.

At 4:45 o'clock it was announced that Monbars, the great two-year-old son of Eagle Bird, that made a record of 2:23½ the day before and broke the record of the track at that age, would go a mile to beat his lately required record. Very few had the faith in the colt to think such a record could be reached so soon, let alone beaten, and when he made the first half in 1:11¾ his chances looked bad for winning, as he finished very tired the day before, but when he came under the wire much faster than ever, all were ready to shout. He went as steady as any seasoned campaigner without a wabble in 2:21¾. First quarter in 36¼, half 1:11½, three-quarters 1:47, mile 2:21¾.

The next great performance to be witnessed the last hour of the meeting was the victory of Direct in beating his race record Monday of 2:11½. He scored several times before he could get the little black stallion to go away with sufficient speed to satisfy him, but the fifth time he nodded for the word and paced the first quarter in 32, second quarter in 32¾, third quarter in 33, and the last quarter in 32¾. Direct—2:10½—won, purse $1,000.

Corisco, bay stallion, by Frank Noble, dam by Combat; 2d dam Mary Mason, (dam of Omar, 2:25¼), by Ericsson; 3d dam Crop, (dam of three in the list,) by Pilot Jr. 12, went to beat 2:32 and finished the mile in 2:30, driven by S. L. Caton. He is owned by Parkhurst & Mott, of Augusta, Mich.

Dashwood, bay stallion, by Sentinel Wilkes, dam by Nutwood, was driven two mile heats to beat 2:31½ and won the second trial in 2:29.

During the week several horses went against Father Time and the following is the result as near as could be obtained:

Alta May, bay mare, by Hurschel, won in 2:29 and 2:27.

Allan Sprague, by Gov. Sprague, won in 2:30.

Bridal Gift, by Fairy Gift, lost in 2:31½.

Red Wing, bay stallion, by Referee, lost in 2:35.

Abram, bay stallion, by Goldemar, lost in 2:31¼, later won in 2:28½, 2:26 and 2:25—four attempts.

Lottie Woodruff, bay mare, by Blue Bull, won in 2:28¾.

Loda, by Erelong, lost.

Guila, chestnut mare, by Royal Fearnaught, lost in 2:31½, won 2:27½.

Gail, bay mare, by Lakeland Abdallah, won in 2:28.

George Starr seems to be winning about as often with the Salisbury string as McDowell did last year, while Andy is getting a good share with Marcus Daly's horses.

There was a running meeting in the city of Chicago the same week as the Breeders meeting, which accounts in a measure for the slim attendance. Friday, the fifth day of the meeting at Washington Park, eight races were finished, trotted and paced, with the single exception of the last and deciding heat of the 2:20 trot, a remarkable afternoon's performance.

Monroe Salisbury has been sending Little Albert over some of the eastern tracks, but he arrived in time to see the first winning performance of Homestake. J. I. C. is badly mixed in his gait, who knows but he should be put to pacing he would be as great a wonder as Direct, 2:11½.

Charlie Doble should have a boy's size sulky made for his use when driving New York Central.

C. W. Williams had two entries at the Chicago races, but owing to some misunderstanding between them he did not start either.

Monbars holds the two-year-old record over Washington Park track. N.

### Paris, Ill., Meeting.

The trotting and pacing meeting given by I. N. Shepard, Paris, Ill, was a great success in the point of racing, but they did not have near as good attendance as the meeting merited. The attendence, although not large, was composed of a good class of people, hence everything passed off in an elegant manner. The classes were nicely filled, and the starters were in good form for fast time, and the track after the hard rain, was put in splendid condition, so that time was beaten in two events over the course, both by pacers. The rain on Wednesday deferred the racing one day, Saturday being the last day. The citizens and managers did everything in their power to make the meeting pleasant for everyone, and especially so did Uncle Ike, as he is called, for he was around looking after the wants of the boys.

On Thursday there was three good exhibitions of speed. In the 2:35 trot, there were only three starters, but all good young horses. Fashion, by Swigert, won the first heat in 2:35, and then dropped back to third place, for two heats. Bright-Marck, by Bismarck, then took up the have had to go much faster, for the gray mare was very fast on the stretches. Clay Herr, by Dr. Herr, won the 2:50 trot, after losing two heats to the great three-year-old Dr. Caton, by Ganymede, who was second each time thereafter. Clay Herr and Dr. Caton will each make their marks in this world of speed. They are very fast and steady, and on any mile track can now beat 2:30 with perfect ease. Mr. Gregg, owner and driver of Dr. Caton, is surely one of the coming drivers. He and his colts never give up until the race is out. Mr. Jackson also handled Clay Herr with great skill. Oriole is a sure candidate for 2:30 honors, and she is steady and fast.

Saturday, the last day, brought out four very promising young 2:35 pacers. Venture, by Bald Hornet, with hobbles on won the first heat, apparently with ease in 2:27½, after which he lost the race to Argot Wilkes, who lowered the track record made by Lon G. the day before. Major Ham was drawn the third heat owing to a crippled tendon. He is quite fast and if he gets right in that leg will bo one of his sire's fastest get. A. P. is also very fast, and is one of the most promising three-year-olds that we know of. Argot Wilkes fight, and won the next two heats in handy style with Orie B. a good second. Fashion rounded too in the fourth and fifth heats, and won them each in 2:34. Bright Marck is a good four-year-old, and will get a record of 2:25 or better before the season is over. Orie B., is also a good young horse, and was just the least bit out-classed, but in time will make a formidable foe. Minnie Hanks, the little bay daughter of Dr. Herr, won with ease in straight heats, with Freeland second in the 2:45 pace.

Ellen Gibs, by Jot C., driven and owned by Gen. Miles, is one of the coming young pacers and if her pilot would only turn her loose, he would make a 2:25 performer for her sire.

On Friday the 2:25 pace and 2:50 trot were very pleasing ones. Lon G., by Bald Hornet, won the pace after losing the second heat to Larry C. The winner was nicely handled by Mr. Marvin, who has all of his horses in fine shape. Mr. Gregg did exceedingly well with Larry C. for the first time driving. St. Catherine could not quite get around the shape turns, but if she could have done so, the other boys would is a very young horse, and his owner and driver handled him with great care and judgment.

The three-year-old trot was won by Dr. Caton, with Shandon Belle second, and Jessie Wilkes third, who, had she been driven by an experienced driver, might have won the race. She is certainly a fast mare and will some day get a fast record. Her driver did very well for his first attempt, and if he can only get her to catch better when making a break, she will be a sure winner. Predicate, although shut out in his first race, will yet make a fast young stallion.

Just before getting away in the 2:50 trot, there was quite a serious accident happened to Jay Hawk. In turning around for the first score, Dr. Caton's sulky shaft accidentally run through the wheel of the former, overturning the sulky and driver. But the plucky owner and driver caught the horse and held on to him until assistance came, however not in time to save the horse from an injury and ruin of the sulky. Had not Mr. Blasdell done this, there might have been some very serious work done.

ED. SPORTSMAN:—Find inclosed report of our meeting. The weather was quite against us, but we had a fine crowd on Thursday, and a very large crowd on Friday. The exhibition mile given by Miss Lola Grimes, daughter of Gee Grimes, was quite attractive and pleasing. She drove the pacer, Riley, and made the mile in 2:28¾, which for a track at least four seconds slow, was satisfactory to everybody. She was presented with a fine gold watch and chain at the conclusion of the drive, and a great round of cheers.

### Races at Lebanon.

LEBANON, Ind., Aug. 24.—The Boone County Fair was a great success, the association clearing nearly $2,000. This is one of the best patronized County Fairs in Indiana and should offer better purses in the speed department. The attendance each day is from eight to twelve thousand, three-fourths of that number would not attend if it was not for the races. The races make the Fair. Let the association offer next year $3,000 in purses and the entrance money and increased attendance will pay the difference. Such a purse would advertise the Fair all over the country and draw a large number of good horses, the horsemen would be satisfied with the purses, the people with the races and the association with the proceeds. ## RACES AT THE HOME OF ALLERTON, RECORD 2:12.

### Roy Wilkes Goes His First Mile in 2:10¾.

INDEPENDENCE, Iowa, Aug. 24.—The boys with their best horses started after the $90,000 hung up in purses and stakes by the Independence Driving Park Association to-day. The track was in its best form, the weather good, and the 3,000 people in attendance witnessed a great afternoon's sport. With the exception of the Yearling Stake, every heat was gone in less than 2:20. It was a bad day for the talent. In no race were they able to pick the winner. Following are the

INDEPENDENCE, Ia., August 25. The extraordinary pacing stake for $1,500, of which six heats were contested without a result yesterday, was not finished until six more had been paced to-day. This race will go on record as the severest and longest known. Jennie L., who won two heats was distanced, and Valene, a heat winner, got none of the money. Birchwood, the 2-year-old wonder, staid to the end and got third money only, the winner turning up in Dandy O., an unfashionable-bred son of Dalbrino, who won the last three heats.

The first regular race was the 2: 0 pacing stake for $5,000, which Directjand Mascot divided after a severe fight, Direct outfooting the Buffalo gelding in the first heat, winning by a nose in the second and by ten lengths in the third, in 2:1 ¾. The black horse came home in 1:03½ before the wind. None of the Western pacers would do for the Eastern pacers.

The $5,000 event for the 2:40 class, 2-year-olds, only brought Bermuda Boy and two home raised colts against Monbars, who was a 50 to 1 favorite. The home colts were not "in it," Monbars winning in straight heats. Bermuda Boy went at him in the stretch in the second heat, and the black scudded before the wind from the half in 1:02. He'll do to break the record later on, and even Sunol's 2:08 may go before him.

In the 2-year-old 2:40 class trotting race, there was a big field, with Position, the Alcolyte filly, favorite at $20 to $50. She got a record of 2:21¼ at Knoxville last week, and is a good looker and actor. George Hayes won two heats with her, and fieldbackers lost all hope because it grew dark. The mares Blazeberry and Sea Girl collided on the base of the kite this morning, and Blazeberry was cut on the shoulder, running away a mile and pulling up badly hurt. She will not again perform for some time.

At a sale this morning Davenant, 2:26¼, by Belmont, was sold for $1,750 to A. Riley, Defiance, Ia,

### NELSON TROTS IN 2:10¾.

INDEPENDENCE, Ia., August 26.—There was a crowd of 8,000 people at the kite-shaped track to-day to see some great trotting. The track was heavy when the racing began, but as it went on the footing grew better, and after five o'clock it was fast. There was a big card of four races, with one unfinished from Tuesday. There was a good track at 6 o'clock when C. H. Nelson brought out his handsome horse to go against his record of 2:10¾, for a purse of $2,500. With a good driver the horse had a chance, but Nelson drove him to the half in 1:0 ¾, and it took him 1:07 to come home, tying the record.

Right after him came the pacing colt Manager, by Nutwood, who got a record as a 2-year-old of 2:16½, and cut it last week to 2:14¾. He paced a strong and steady mile with something left in 2:13, going to the half in 1:05, and finishing in 1:08. It was a good performance.

□Faustino was a great yearling, with a record of 2:35½; a better 2-year-old with a mark of 2:24½. He broke in the first heat and was last, but soon showed his heels to the field when his best foot got foremost. He is owned by F. S. Waters, of Chicago, and is likely to go in 2:13 or so this season.

The regular racing was good. Position, who had won two heats in the 2-year-old 2:40 race on Tuesday, stopped ahead of her field in the mud and won the heat and race in 2:25. Then came Faustino's race.

Whitefoot, an Illinois-owned son of Alcyone, with a world of speed and meanness, who is blinded for steadiness, was a 25 to 10 favorite for the four-year-old 2: 0 race, and acting well, he beat the party in straight heats.

The last race was for 2:23 pacers. Nellie B., Fredora, Otto W., a Chicago winner were all sold at good prices. Storm, a black son of Brown Hal, from Cedar Rapids, was too fast for them all, and when darkness fell he had won two heats in 2:17, 2:16½. Then the race was postponed,

## THE TERRE HAUTE RACES.

On Tuesday, amid a flood of sunshine and a crisp though pleasant air, the Vigo County Fair and Indiana State Breeders races opened in fine shape and up to Wednesday evening, a greater success has never attended the association. The attendance on the opening day was not excessive, though fair and above the average. The track was splendid, though hardly at its best, and the races fairly interesting, notwithstanding most every source of delay known to man, occurred in the various races.

It was well nigh two o'clock when the bell tapped, and starter Clem Creveling's clear, musical voice resounded through the grounds in his call for the starters in the Special Stake for five-year-olds. In response to the call, appeared Blossom, Gensee, Hussar and Alice Black. They were assigned positions in the order named, and early in the scoring it became evident that Alice Black not only had "bees in her bonnet," but "yellow jackets" or some other "devilish thing" in her feet. She would not trot, and did not trot. They were finally off with Alice dancing a "full eight set" all by her self, —and was distanced. Hussar and Gensee in turn, showed great speed, but Blossom was steady and fast for them, and won, as per

Four yearlings came out to take their first step up the ladder of fame and a State record went down before Jersey Wilkes' five pointed daughter. Cythera, Jerseywood, Laura Trego and Clancy were the starters. Pools sold Cythera $10, field $5. The start was made from the half-mile pole, Cythera setting the pace, the others following. The first quarter was made in 43 seconds, Cythera going easy; jogging home in 1:25. The second heat was a repetition of the first, Cythera cutting out the work from the start and at no part of the trip was called on for her limit. The half was done in 1:24 and another record was nailed to the flag that flies over the Terre Haute track. In the second heat Jerseywood out-footed Laura Trego and finished second.

The yearling trotters, for a stake of $500, half-mile heats, was about the best race of the day.

The winner of the race is a fifteen-months-old daughter of Jersey Wilkes, out of Huma by Cannaught, 2:24; 2d dam Bicara, (dam of Pancoast, 2:21¾, Monte Carlo, 2:29¾), by Harold, sire of Maud S., 2:08¾, etc.; 3d dam Belle, (dam of Belmont, Fritz, Lucas Brodhead and Hambletonian 1664, all producers), by Mambrino Chief; 4th dam Belle Lupe by Brown's Bellfounder. She was driven by Thomas Dickerson, who has made her what she is, a rare good one.

The 2:32 trot furnished a variety entertainment,—as bad acting, fast trotting and split heats were the results. Eight starters were out for the money hung up and it was a race from end to end, Kate Wood, Fashion, Twinebinder, Nellie Stillson and Ox-Eye were after first money and gave a contest that was worth going miles to see. Stillson took the first two heats after a battle with Twinebinder, Kate Woods and Ox-Eye, the mare tiring somewhat in the third heat, Fashion stepped in and won a heat, the race going over until Wednesday.

In the 2:50 trot, some fine work was done, and the qualities of a first class race horse, were demonstrated by a handsome son of Dr. Herr. A field of nine starters next took Starter Creveling's attention and a race was given worthy of a Grand Circuit contest. Jennie Starr, the favorite, in four heats was forced to lower her colors to the game son of Dr. Herr, who met every one of her speed bursts with a determination that was all conquering. Clay Herr was in the fight every inch of the way and met each challenge as only a race horse of the first-class can. In him John Jackson, who alone is responsible for his speed and development and is deserving of all credit, has as game a stallion as ever stood on iron and with fair luck will bring to Glenn Farm a record considerable better than 2:20 and a sire to head its stud not equaled by any descendant in the male line from the loins of Mambrino Patchen.

SECOND DAY—WEDNESDAY.

Wednesday, the second day was nothing more nor less than Edgewood day, for the Edgewood Farm trotters and pacers, under the skillful handling of Rody Patterson walked off with three races, and added three new ones to the list, and all of them in winning races. The day was simply perfect, the track fast, attendance large and the races first-class throughout the afternoon.

The first race called was the unfinished 2: 2 trot, and although one horse had two heats and another one, one, it furnished quite a race, and required three additional heats to decide it. As the judges did not like the actions of one of the drivers in the first heat, it was called a dead heat. After a lively skirmish all along the line, Fashion won the second, while the third heat and race went to Nettie Stillson.

With the call of the Special Stake for 4-year-olds, the first regular event of the day, began the Edgewood Farm's great score. In this race the Edgewood Farm's nomination was the handsome chestnut son of the great Robert McGregor 2:17¼, McCollough. His rival was the brown gelding Walter H. by Fairy Gift. In each heat McCollough led from "go" to "out"—going no faster than he had to, in 2:30 and 2:35¾.

The State Breeders' Stake for 2-year-old pacers was the next race called, and very unexpectedly to the talent, the "Indiana pacing element" was more than vindicated. The Jewett Stock Farm entry, *Turko* by Erie Wilkes, was a $20 to $5 favorite, but in spite of Jas. Nebro's master management, he could not down the big daughter of Mambrino Logan, dam by *Wade Hampton*, son of old *Red Buck*. The filly made a disastrous break in the first heat, a second after getting the word, and did not settle till rounding the first turn, by which time *Turko* was ten lengths in the lead, and the latter won the heat easily in 2:32½. In the second heat, the filly repeated her mistake just after getting the word, and fell away back. At the half she was six lengths back coming steady and very fast —coming home in 1:09½, finishing two lengths ahead of *Turko* in 2:25¼. She won the third heat in 2:26¼. *Turko* is one of the best two-year-olds out this year, but was badly out of condition to day, and did not have his speed. He is both fast and a stayer, and had he been in shape to-day, another *great* two-year-old race would have resulted. *Callie S.* was driven by Chas. E. Sherwood, an old pupil of Mr. Nebro's.

### Muncie, Ind., Races.

ED. SPORTSMAN:—The Delaware Co. Fair and races closed here on last Friday, August 22. During the meeting, the attendence was very large, and composed of the best people in the land. The racing was excellent and fast, and every one was well pleased. Mr. Oliver Leehman, the starter, gave entire satisfaction with his fair starts. Poem did a great mile over our half-mile track, and took the record over it. He is a very fast stallion, and a coming sire. Happy Traveler, one of Alameda Place's stallions, is proving himself quite a sire.

### Racing at Friend, Neb.

FRIEND, Neb., Aug. 21, 1891.

ED. SPORTSMAN:—The annual trotting meeting of the Friend Fair Association, was held at that place this week, August 19, 20 and 24. Quite a large field of horses were present, and the races were well contested. In the 2:38 trot, Jack the Ripper, by Romeo, seemed a sure winner, but on account of a flagrant foul, was sent to the barn and a fine of $50 placed against him. In the first heat of this race, it was apparent to the judges and everybody that Ray Wilkes was being pulled. The driver was cautioned, and handily won the second and third heats, but the fourth was dropped to Jack the Ripper. At this point, Mr. Jas. H. Ladd was requested to take charge of Royal Wilkes. In the third heat, the driver of Jack the Ripper made a very flagrant and unwarranted foul upon Royal Wilkes, cutting him off at the third turn, which resulted in a collision, and the throwing of Royal Wilkes to the ground. He proved not to be seriously hurt, and was started in the following heats, but he being soft and short of work, failed to stay the route

The free-for-all class was declared off on account of rain, Judge W. C. McCreary, of Hastings, acted as starting judge, and proved himself equal to the emergency. He is a successful attorney, and has a profound conception of turf laws and rules. The usual wrangle and jar was conspicuous on account of its absence The Judge has consented to start the classes at several prominent Western meetings.

Fleeta Wilkeswood (3) by Wilkeswood, and owned by S. J. Peabody, Columbia City, Ind., easily took a record of 2:28 at Chicago, last week.

John Gibbons, who sold the 4-year-old mare Happy Bee, 2:17¼, for $10,600, has purchased her 2-year-old sister, Happy Lady, 2:25, for $4,000.

Monroe Salisbury, has purchased from John E. Turner, Ambler Park, Pa., the bay mare Maggie R., 2:16¼, by Kilbuck Tom, dam Topsy (dam by Pullback, pacer, 2:26¼), by Bethel.

Monbars, the fleet grandson of Jay Bird, will doubtless close the season with the 2-year-old record to his credit, as it is believed he can beat 2:18.

May Day, 2:30, dam of Margaret S. 2:12½, and Incas 2:18½, is the first mare with a record of 2:30 or better that has produced two 2:20 trotters.

"That finish was worth $1,000, Isaac," said F. C. McLewee to Jockey Murphy after the race for the Omnibus, and he gave the colored Archer that amount.

Spofford and Governor Hill have been shipped to Germany from South America and are to trot at Berlin next month. They are now owned by Arthur Glorgl.

The Nancy Hanks-Margaret S. race at Chicago, last week, was a sad disappointment to the public, as the latter was "knocked out a few days before the race.

All the horses that have left Germany for the Moscow races have returned home with empty bank accounts. They were Dan Jenkins, Kensett F., Patchwork and Lizzie B.

The grounds of the Kentucky Association may pass from the ownership of that old-established racing association and hereafter be devoted to the interests of the trotter.

The mouth disease, aphta, which has been so prevalent this season, has been responsible for some of the sudden changes in form which have been noticed on the turf this year.

The annual meeting of the New York State Trotting Horse Breeders' Association will open at Hudson River Driving Park, Poughkeepsie, N. Y., on Monday, August 25, and continue four days.

George Engeman, of the Brighton Beach Association, and David W. Blanchard, of Boston, will inaugurate a week of running races at Franklin Park, Saugus, Mass, after the races at Buffalo.

Gee Grimes, on last Thursday, sent his green pacer *Riley*, hitched with a runner, over the Terre Haute course, an easy mile in 2:16½, and Riley had to pull the runner home from the three-quarter pole.

The gray ghost, Charley P., by Governor Sprague, dam Martha, by Rothschild, has already upset the calculations of the talent in several pacing races. Brannigan, who drives him, handled Leopard Rose last year.

Ed Corrigan's great Iroquois colt Huron, who is being specially prepared at Horse Haven, Saratoga, for the Futurity stake, is in Green Morris' charge. Huron has won five out of six races in which he has started.

"The best Omnibus, as a spectacle, ever ran," said Mr. Withers after the race. John Hunter concurred, but remarked: "There could have been no first-class 3-year-old in the lot: they were so close together at the finish."

Direct is the fastest double performer, having a trotting record of 2:18¼ and a pacing record of 2:10½, with the propability that he will place the latter record in a much lower notch before the close of the season.

N. K. Tunis, of Danville, Ky., has bought of Chris Lyno, of Hustonville, a 5-year-old mare by Metropolitan, dam by Garrard Chief, with a colt by Gambetta Wilkes at her side, for $1,050. She is in foal to Belmont Wilkes.

Joe Greer, the well-known horseman, recently drove a 22-year-old gelding, that made a record of 2:45, some twelve years ago, a full mile in a race at Cincinnati, in 2:30¾, and expects to soon give him a record better than 2:30.

H. H. Whitten, Hillsboro, Ill, has purchased from H. S. McConnel, New Brighton, Pa., the 5-year-old chestnut stallion Waverly Prince 8370, by Kentucky Prince, dam Rowena, by Hambletonian 10; second dam by American Star.

The Claireview Stock Farm, Mich., has sold to John A. Lowell, of Boston, the promising yearling filly Rosa Bee, by Harrogate 3525, dam Rosa, by Observer; second dam by Daniel Webster. She will be left at Claireview for development.

General W. H. Jackson, of Belle Meade Stud, has sold to Eugene Leigh, the thoroughbred stallion Bramble, by Bonnie Scotland out of Ivy Leaf, by Imp. Australian. Bramble will be sent to the La Belle Stud, near Lexington, Ky.

Jockey Brazier, who was so badly injured by the falling of his mount at the Gloucester track last Monday, recovered consciousness on Thursday. His skull is fractured, but he may recover. He is at the Cooper Hospital, Camdem.

The Kankakee Driving Park Association will offer a purse of $5,000 to be contested for by Nelson, Stamboul, Allerton and other stallions, the purse to be trotted for over the kite-shaped course of the Association during the fall meeting, the date of which has not been fixed as yet.

Hal Pointer is the greatest race horse seen in modern times. At Cleveland he made an average of 2.10 5-12 in three heats; at Buffalo, an average of 2.10 5-6 in three heats; at Rochester, an average of 2.11 5-6 in the three heats he won. Still it is thought that his limit has not yet been reached.

Harry Wilkes, 2:13½, is the only trotter with a record better than 2:15 that has a descendand with a record better than 2:15. His son, Billy Wilkes, 2:29½, sired Mary Marshall, who recently reduced her record to 2:12¾ at Independence. He is also the only horse with a record better than 2:15 that has a descendant with a better record than himself.

A two-mile heat race, best two in three, was the chief event on the last day's programme of the recent meeting at Dufferin Park, Toronto. There was four starters, and the race was won by a Utica (N. Y.) gelding Captain, who took the first and third heats in 5:10½ and 5:14¼, the gelding Gray Tobe taking the second in 2:10½.

That wonderful mare, Green Mountain Maid, has now eight of her produce in the 2:30 list, the latest being Elina by Messenger Duroc, who trotted in 2:26¼ at Comac, L. I., on August 13, driven by Carl S. Brim, driver and sulky weighing 296 pounds. On the same day W. R. Willett's bay mare Queen Bess, 13 years old, by Rysdyk's Hambletonian, dam Maggie Jones, by American Star, trotted in 2:35.

Norval is very fast this year. He has shown a half in 1:07, last quarter in 32⅘ seconds, and his stud season is not yet closed. His record of 2:17½ makes him the fastest Electioneer in Kentucky; but there is a quiet rumor out, that with good luck that honor will go to Glenview Farm before the season closes. Egotist 2:22½, so the dame says, is being prepared for a fast mile, and his owners look for a mark of 2:16 or better. A match between Norval and Egotist, mile heats, would make it more interesting. Could such a race be brought about both heats would be better than 2:15.

The English jockey, S. Loates, to whom the Jockey Club refused a license this year on the strength of the inexplicable fatness of his bank account, was on view at Jerrome Park last week. He is, as others have seen him before, puzzled to understand how some of our jockeys can ride with the seat they effect. Those whose eyes are accustomed to the English style, fail to see how jockeys can get in any good work with such short stirrups, and with their strong apparent desire to travel on the horse's neck or withers. "Tony" Hamilton was a veritable enigma to him. —*Wilkes Spirit.*

At the Frankfort-on-the-Main (Germany) trotting meeting the French roan stallion Serpolet was the hero of the day, beating Blue Belle, Tom Allen, Gypsey Queen and Captain George, to whom he conceded 50 metres in 3000. The going heavy, and Serpolet's record of 2:33½, on the distance of 1 mile, 7 furlongs and 50 yards on a deep track, is certainly equal to 2:26 on an American track. Captain George managed to get second money; Blue Belle, Tom Allen and Gypsy Queen, unplaced. In the Birdhor's purse, 1 mile and 7 furlongs, Tilly Brown disposed very easily of Gem, Blanche B., Fred Thomas and Genevieve, in 5:01¼.

Murphy's magnificent riding landed Rey del Rey a winner of the Omnibus stakes at Morris Park last Tuesday in about the best race of the year. It was a splendid field of three-year-olds, and the best available riding talent was on hand to pilot the youngsters. The result remained in doubt almost to the last, for although Rey del Rey won, it was only by a trifling margin from Bermuda, Poet Scout, Russell and Kildeer. Rey del Rey faltered and swerved more than once, but when Murphy is riding he will not be denied, and willing or not the brother of El Rio Rey was forced into the display of that final burst of speed which landed the race.

The success of Mr. Crit Davis in piloting so many trotters to victory in the recent fair trots at this place has been a general subject of remark. We doubt if any one driver ever took such a large per cent of the victories of any one meeting. He drove in every one of the ten races and took first money in six of them, second money in three and failed to get anything in only one race. His driving was fair and liberal to those contending with him in the various events. His popularity with the public was evidenced by their applause and appreciation of his fair and honorable driving by those contending against him was evidenced by the fact that there were none of the usual "kicks,"—*Harrodsburg, (Ky.), Democrat.*

Weed out the colts that toe in or toe out, that are long and weak in the back, crooked and faulty in the legs, that can't move without being booted from tip to tip, those with big heads and without brains, or having them don't know how to use them. Get rid of ugly blood, and so lift the standard of stock and add to the dollars in business. No man ever kept a poor animal entire and for service but that in the end there was loss rather than gain. Go to the fairs this fall and examine the one and two-year-olds shown, and see if there is not a lesson in this for everyone. It is true in breeding as well as in growing crops, the man who weeds the closest and most intelligently is the one who grows the largest crop and at the least cost.—*Ex.*

If conducted properly, there is more money in raising horses than there is in any other kind of stock, but if not conducted properly and economically, more money can be lost in a given length of time in this than in any other branch of the live stock industry. One of the main causes of loss is ably set forth in the following from the *National Stockman and Farmer*: "The man who would persistently refuse to take the market price for his grain, but hold it over from year to year in the hope of something turning up, with taxes, storage and insurance on it, would be regarded as nothing short of a fool in any community. But little is said of the man who does even worse than this with his horses. This man becomes so attached to his animals, and sees so many points of excellence in them that others fail to discover, that he repeatedly refuses fair offers, and keeps horses for which he has little or no use, which eat up all the profits they should have brought and more too, on which he has to pay taxes, take the risk of their being lessened in value by injury or lost by death, and which are taking the feed and care that should be given to young stock growing into money. The men who are most successful with horses are those who like them, it is true, but they raise horses to sell, and when they can get a fair price for an animal they let him go, and devote their energy and means to raising a better one."

### A Good Investment.

With great success attending the trotting meetings this year, the handsome profits being made by the associations, and the great benefits derived by the cities in which the great tracks are located, it is really an exhibition of genuine stupidity that Indianapolis business men do not make the long talked of move in this matter. Independence, Iowa, has sprung from an obscure country hamlet to one of the most noted and thriving little cities in the world, and many hundreds of thousands of dollars added to her business and wealth, solely through a first-class racing association with an enterprising management. Terre Haute has increased her business and wealth, many, many thousands through the same medium. Indianapolis citizens are not indifferent about the trotting horse or race business, but a leader with the capital and enterprise is lacking. With a first-class track and grounds, Indianapolis would very soon be one of the most enthusiastic "horse towns" in American, and her natural advantages, would place her in the front ranks at a single bound, and would bring not less than twenty per cent annual profit on the capital invested, to say nothing of the incidental benefits that would be thrust upon the city. We know that this thing is coming, but we would like to see it take on a *Hal Pointer* gait.

### Eliminating Worthlessness.

A man in any business that has the courage of his convictions, will succeed, and a man that has not this quality, is not a blessing to any business, especially the horse business. In the business of breeding trotters, the men who are public, as well as private benefactors, are those who have the moral courage to castrate their worthless studs, and hide the identity of fillies not fit to perpetuate their kind. The instructions of Senator John M. Palmer, of Illinois, to the foreman of his breeding farms "to castrate all defective stud colts on the farms, and suppress the breeding of all unmeritorious fillies, and sell them out as breeding unknown, for whatever they will bring for ordinary use," shows that the wily ex-Governor is as astute in the business of breeding horses, as he is in politics. If all the leading breeders of this country would adopt this plan, and keep it up for twenty-five or fifty years, the improvement in our horse stock would be most astonishing, and not a breeder in the land, either large or small, but what would be greatly benefitted. *In the breeder's market* for trotting stock, the demand for "pedigree and blood lines" has been so great as to almost overshadow other requirements, and especially the higher points of individual excellence and breeders having taken advantage of this demand, have thrown upon the eager purchaser every form of individual "raggedness." This course may not have been so *very* reprehensible years ago, when an improvement in blood was to be had, and had to be introduced, regardless of collatteral sacrifices, but fortunately that time has past, and now good trotting blood is almost as plentiful—but not so free "as the water that flows." In "blood" we have made wonderful strides, and so far as blood goes, we have the ideal roadster and trotter but are we any nearer the "ideal" in individuality, than we were before the 2:20 list was started? We are inclined to the opinion that for beauty of form, finish and intelligence, that our modern trotters are not the superior of the steeds of our "grandfather's days." And this being true, in one leading respect at least, our "horse breeding cycle" has been a failure. If there ever were excuses for sacrificing individuality for blood and speed, those excuses do not exist to day. The country is running wild with speed, and is overflowing with blood, but beauty and soundness are "conspicuous by their absence." Plainly enough to all, the time is here when no defective animal, either male or female, should be used for breeding purposes, and the breeder who thrusts upon the market, for breeding purposes, animals that passes no point of merit, aside from pedigree, is "killing the goose that lays the golden egg." It would be much more creditable—and in the long run, profitable, to follow the plan of Senator Palmer, and "hide the identity of the scrubs."

In breeding trotters, a single object in view, will not, with the average breeder, suffice to bring remunerative returns. In ordinary cases a reliance on speed alone will not only fail to bring satisfactory results, but will, in a great per cent of cases, bring actual disaster. With speed in both sire and dam, with a strong backing of producers and performers on both sides, one can, with a fair show for success, breed for speed alone. But at best, the ordinary breeder and farmer throughout the country, has only "fairly good blood lines," with probably a standard cross or two on one or both sides, and to insure success, he must make *speed*, a second consideration. With such breeders,—and this class takes in a great majority the world over, size, color, form and qualities of head, should be the ruling requirements,—always with as much good blood as possible. The following axioms are worth bearing in mind: A three-minute trotter or pacer, of any size or color, will bring more money if he is known to be well bred, than if nothing is known of his breeding. A three-minute trotter or pacer, from 15½ to 16 hands high, will bring more money than one equally as good every way, only 15 hands or less. Any horse, regardless of size, speed, or color, if of a pleasing conformation and good disposition, will bring much more money than a "slab-sided" and "sour-headed" one, other qualities being equal in the two. Don't tolerate the idea that undesirable qualities, such as, "bad heads," "flat ribs," "bad legs," "bad marks," "deformities," "curbs," "bow legs," &c., &c., will not "breed on," or that an animal has enough good qualities to out shine the bad ones,—for if you do, you will soon find out that good qualities, when mixed with bad ones, are more likely to breed "out" than "in."

### Farm For Sale.

Again we call the attention of breeders and beginners of rearing the fine horse, to the farm that is advertised in this week's SPORTSMAN. We have visited the place and know that it is second to none for almost any purpose, and for breeding and handling the fine American Trotters we cannot see how it could be any better. The soil is the richest on earth and every foot of the 240 acres can be utilized. Tons of the finest hay has been taken off of it and now most of it is in Blue Grass. The buildings are excellent and new with a splendidly laid out half-mile track close to the training barn.

The 3-year-old trotting stake at Edinburg, Ind., has been changed to a 3-year-old trotting class for purse and will be governed the same as the other races. The people of Edinburg mean business and have offered some great purses. They pay what they owe and have a splendid half-mile track. Entries close Sept. 22.

### Mediator.

Mr. Joseph Gilman, of Friend, Neb., is the owner of Mediator, the subject of this article. Mediator is a dark brown horse, 16 hands high, and will weigh 1,200 pounds. No better feet and legs are possessed by any horse than those under Mediator. He is a smoothly turned, yet powerfully built stallion, and his way of going is that of the speedy race horses. He was sired by Dictator Jr. 5805, son of Dictator 113, (sire of Jay-Eye-See, 2:10, Phallas, 2:13¾, etc.), dam by Mambrino Time 1686, (sire of the dams of Egbertine, 2:17¼, Silverone, 2:19¾, Shadeland Onward, 2:20½, etc.); 2d dam by Lever, son of Lexington, (sire of the dams of Ansel, 2:20, Nora Temple, 2:27¼, etc.); 3d dam by Gen. Worth; 4th dam by Blackburn's Whip. With the stout trotting blood carried by Mediator, upon the fashionable thoroughbred foundation through Lexington, he cannot fail to make a mark as a sire of speedy and game race horses. His colts are uniformly well gaited and show great evidence of speed. With only a few weeks handling and still in the stud, Mediator has shown his ability to enter the charmed circle, and will soon add new honors to the mighty Dictator family. In Mediator the Nebraska breeders have a stallion whose blood will course through the veins of many a future performer.

### Big Money in Sight.

The Terre Haute Trotting Association of Terre Haute, Indiana, never quits at the three-quarter pole. It has expended about $20,000 for improvements this year, but this does not deter it from offering large purses for its approaching October meeting. It has made up its purses and classes and in addition to the rich stakes announced some months ago, and for which a great list of nominations were received, purses to the amount of some $20,000 have been agreed upon. The purses are all for $2,000 each, and that the meeting will be one of the greatest of the year, there can be no doubt. No member of the great Western-Southern Circuit has a better track or better accommodations.

The "Seymour Fair Association" is out in this week's issue with their announcement of dates, and the fine purses they are offering. The races open September 23, and close on the 25, on which dates there will be a free-for-all pace, purse $300; 2:50 class trotting, $300: 2:35 pace, $300, and a free-for-all trot, $300, with other good money in other classes. In purses and premiums they are offering $8,000. The entries close on Saturday, September 19. Write Frank E. Moore, Secretary, for list, or see advertisement in this week's SPORTSMAN.

On Monday of next week, August 31, the entries close at Rushville, Ind., for races in the Western Southern Circuit, and all who may desire to start on one of the best mile tracks in the world should at once look to their entries. The best of accommodations and treatment is always extended. There are several classes for which there are purses of $1,000 each, and a reserve fund of $3,000 for specials. Look carefully over their advertisement and see if you cannot start for some of their good money. Races take place Sept. 15, 16, 17 and 18.

The following bit of rich news originated on one of Indiana's mile race courses, between an amateur reinsman from the posey fields of Rush County, and an old veteran driver who has driven many a one into the 2:30 list, and chased *reynard* into the haunts of the wilds with the *solo* of his *canines*. The former.—"Say, Uncle, do you find it always necessary just before driving a race to pecunerate several times?" The latter.—"Well, I should say, you will be doing darned well if you are not intird alive."

Col. M. Boyd in company with Colonel Ferguson both of Cynthiana, Ky., were over attending the races at Paris, Ill., last week. The former has patented a new scraper for doing a horse up after heats, which is in the form of a large sponge. This, with a very few applications takes up all the perspiration in a very few seconds and very much relieves the horse from hard hickory scrapes and at the same time does away with so much elbow grease. This mode very often requires a sun bonnet to see the horse so bright is the luster of his coat.

### In the Grand Circuit.

(Reporter for a Chicago "Hoss" paper,)—"Oie say, 'coon' what are the component parts of the sanguinary composition of that ar' ole hide yu're rubbin'?"

(Colored rubber.)—"Boss, dis no compound hoss, he's pur' trotter."

(Reporter for Chicago "Hoss" papers)—"Yu're a dapper horseman if yer don't know yer own hoss's breedin'"

(Colored Rubber.)—"Oh, its his breedin' yu're arter, is it boss?—him got no breedin'—he come from Chicago."

(Reporter for Chicago "Hoss" paper, to companion.)—"Phil, let's go down to the grand stand basement a minute."

### A Kansas Sale.

At Independence, Kan., September 12, a public sale of trotting stock will be held, under the well-known business man and horseman, G. W. Fuller. This sale is the first of a series of annual sales that is proposed for Southern Kansas. Kansas is rapidly coming to the front as a breeding State, and we know of no country where horses can be bred to better advantage. In this sale are offered many choicely bred ones, and as this is the first sale there, doubtless many bargains will be procured. Prospective buyers should send to G. W. Fuller, Independence, Kan., for catalogue.

### Crawfordsville, Ind.

We are just in receipt of the following from W. W. Morgan, Secretary, Montgomery County Fair and from the card he is offering extra inducements for the 2:27 pacers and free-for-all trotters. Fair takes place Sept. 7 to 11. "On account of our 2:27 and 2:20 trots not having filled we have decided to open a 2:27 pace, purse $250, and a free-for-all trot, purse $400, in their place. Entries in these classes to close Sept. 1, 1891, at 10 o'clock P. M. Records made after August 1, 1891, no bar. Entry fee 10 per cent. of purses."

Through the kindness of R. G. Watson, Secretary of the Terre Haute Trotting Association, breeders are again notified that the last and final payment of $25 is due on Sept. 1, 1891, in two, three and four-year-old races to be trotted on Oct. 6 to 10, 1891. Parties interested in the matter should at once attend to it for it is of great interest to our breeders.

Terre Haute. is the place where Hal Pointer 2:09¾, beat all race records, demonstrating the fact that Terre Haute has the fastest track in the world. Her entries close on September 19, for the fall meeting which takes place October 6, 7, 8 and 9, at which time there will be several $2,000 purses contested for, and a number for $1,000.

The two, three and four-year-old colts entered to go at Terre Haute, Oct. 6th to 10th, is due for last payment of $25 on September first. Those failing to make the last payment should not blame any one but themselves, for they have had ample notice from the secretary.

Newport, Indiana, is out with their announcement of the Sixth Annual Fair, which will take place Sept. 28 to Oct. 2. Entries close Sept. 15. They are members of the American Trotting Association. See "ad" in this week's SPORTSMAN.

*Irma C.*, belonging to Carr and Reed, of this city, won the free-for-all pace at Maysville, Ky., last week. The Jim Wilsons will go to the front when in condition "for business."

It requires brains as well as "blab" to fit a man for a trotting horse driver. Too many men depend on the "latter article," and, of course, are failures.

## FORT WAYNE RACES.

### Five Per Cent to Enter.

Fort Wayne hangs up the most money of any city in the West for the week of September 22 to 25. The entry fee is but five per cent from all but the winners. They have a new mile track and the best of accommodations. Everything new Entries close September 8, and records made that day are no bar. See our advertising columns for the program.

THE Toledo, O., Exposition race entries close on Monday, August 31, and the meeting takes place September 8 to 11. The purses for trotters and pacers are all for $500 each, and the track and all accommodations are first-class. See entries, R. B. Crane, Secretary.

A LOOSE made, broken-winded horse, coming from a soft-jointed, flaby-made entire horse is the poorest stud horse on earth to breed to and any one keeping up such a plan of breeding commits a sin and will finally damn the horse business just from his own willful foolishness.

ONE of the rarest bargains we know of is the filly by Anteros, son of Electioneer, out of a mare by Ambassador 2:21¼, son of Geo. Wilkes; 2d dam by Robert Fillinghous, Jr., another son of George Wilkes, that is offered in our columns this week by Mr. Lewis of Tipton, Ind.

THE beautiful Grand Stand at Terre Haute is now complete and ready for seating several thousand spectators in first-class style. The entries close for the fall meeting Sept. 19th, so make your entries in time for a chance at the $2,000 purses.

Danville, Ill., will hold a mixed race meeting September 1 to 4, and entries close August 29. The entrance is ten per cent., and purses $400 for 3:00, 2:30, 2:40 and free-for-all trotters, 2:35 and free-for-all pacers; $150 and $200 for runners.

MAPLEWOOD, by Ajax, made a record of 2:25 pacing last week at Greenfield, Ind., making another Indiana wiggler to enter the list and become standard by performance.

TO-MORROW, August 29, entries close at Danville, Ill. It is worth while for horsemen to rememqer that this is a first-class mile track, and that good purses are offered.

BREED only perfect animals, and an abundance of perfect ones will be the result. Breed imperfect ones, and the produce will surely be of the same quality.

THE Central Ohio Fair Circuit begins next week at Westerville, and continues four weeks. See annoucement, and mail entries to the respective Secretaries.

THE "Popular Racing Series," of Illinois, full program of wnich may be found in the WESTERN SPORTSMAN, should not escape the attention of horsemen.

SEYMOUR, IND., belongs to the American Trotting Association and they are out with their card in this weeks paper of dates for fair and races.

CHARLESTON, Ill., Fair, hangs up $300 for 2:25 trotters; $200 for 2:25 pacers, and $100 each for 2:45 trotters and pacers. Meeting Sept. 8 to 11.

If you want a good pair of California Hobbles, call at the Horse furnishing Emporium of F. M. Rottler, 18 N. Delaware Street, Indianapolis.

THE final payment of $25 is due on Sept. 1, 1891, for two, three and four-year-olds at Terre Haute races, Oct. 6 to 10.

ENTRIES close at Terre Haute, Ind., September 19, for fall meeting which takes place Oct. 6 to 10.

THE Indiana State Fair speed program is liberal, and horsemen should bear it in mind.

"MICHIGAN BREEDERS SALE" is the heading of an advertisement in the SPORTSMAN this week. and they are extending an invitation to all. Sale takes place Sept. 7th to 11th, at which time some of the rarest bargains can be had for nearly one third their value. The blood of Mambrino Chief, Masterlode, Magna Charta, Pilot Medium, Ira Wilkes, Enright, and a host of others can be had almost for the asking.

THE Lima Driving Club at Lima, Ohio, will give a three days meeting in October commencing on the 14th, at which time they will give several purses of $400 each. Lima is one of the best points in Ohio for racing and the people are very enterprising and accommodating. A large field of horses is anticipated, and no doubt the live Secretary will have "Robin" back again for a special purse.

A. J. STUBER, of Woodward, Iowa, has just sold Walworth by Lakeland Abdallah to Fred Ellis, Perry, Iowa. The latter has certainly secured a great prize in this horse for he is full of Mambrino blood and will prove a great boon to the breeders of his county for a horse bred as he is will surely get trotters and useful roadsters.

AN inbred Blue Bull filly whose dam is out of a mare by Pilot Duroc, three great pacing crosses on top of one by Alexander's Abdallah is offered for sale at the low price of $300; also another one by Pascarel—safe in foal to Judge Somers, son of Blue Bull, both cheap at twice what is asked for them. See advertisement.

## QUERIES AND ANSWERS.

New Castle, Ind.—Libbie C. is entitled to all of the money. See Rules 97 and 152 in Rules and Regulations of American Trotting Association.

SUBSCRIBER, Nobiesville, Ind.—Please give breeding of horse No. 8302, and produce of first and second dams.

ANSWER.—Pacing Ti 8303, chestnut stallion, foaled 1887, by Deucalion 889; dam Jenny Baldwin by Daniel Lambert 102; 2d dam Jenny (dam of Col. Moulton 2:28½, and Nonesuch 2:25½) by Biglow horse.

C. A. W., Danville, Ind.—Will you please send me the exact language used by Mr. Wallace in registering Iron Duke (IX). I want the Iron Duke that is by one of the C. M. Clay's. Can you give me the pedigree of Bazil Duke by Iron Duke?

ANSWER.—There is an Iron Duke 181 by Hambletonian 10; an Iron Duke, not standard, by C. M. Clay 18. Iron Duke by C.M. Clay we cannot find any place; perhaps you can give us some light on the matter.

F. R., Rico, Col.—Do you know of any work giving the physicrl measurements of the horse by means of which his ability to trot may be determined. 2. Do you know whether there are wagons or carts made on the principal of the wheel of the ball bearing axle?

ANSWER.—We do not; possibly that will never be positively known. Dexter 2:17¼ had a full brother whose measurements varied only the smallest fraction of an inch yet he could not trot in six minutes. 2. We could not say, but there was an effort made that way, but guess never completed.

SUBSCRIBER.—To settle a little controversy here, will you please answer the following questions in your valuable paper: 1. When a trotter or pacer is driven to a sulky and a running horse is rode alongside, do you say that trotter or pacer was driven with a running mate. 2. In driving a horse with a running mate, are they required to be harnessed together and driven as a team? 3. Is a trotter ever driven with a running mate?

ANSWER.—1. No. 2. Yes. A running mate must be in harness and hitched to the same vehicle and driven as a team. 3. Yes. H. B. Winship has a record of 2:06 with running mate. Runners are often hitched to a sulky and driven by another man to encourage pacers or trotters when going singly against time or for fast record.

## Tennessee Letter.

GALLATIN, TENN., Aug. 25, 1891.

ED. SPORTSMAN:—Rain by bucketsful stopped all track work for the last week throughout middle Tennessee, but the indications are that even the rain has not cooled off some of the hot stuff we have down here.

I met a friend from Murfreesboro a few days ago and he says that things are quiet uy there as they do not do much blowing, but that old Rutherford will show some good ones at the fairs this fall.

Gid Giltner has a good string, headed by the chestnut pacing son of McCurdy's Hambletonian, Montrose, who won second money in every race he started in last year but one, and will make somebody go for first money now. He has not been worked any fast miles; about 2:25 or better being as fast as he was sent, but he has stepped halves for his driver in 1:07½ easy.

It is rumored here again that Mr. W. C. Jones of Columbia, Tenn., has started work on his grand stand and will certainly hold a meeting over this kite-shaped track some time in November. Mr. Jones has a very fast track and the only kite-shaped in this section. A November meeting over the fastest track in the South would enable a good number of horses and colts to make records they cannot make earlier over inferior tracks and will be a public benefit.

The stable of Jno. R. Head, of Brownsville, has been shipped to Independence, Iowa, from Brownsville, but they say that there are still some good ones left down there. Oppenheimer & Head have a string in charge of Abe Kahn at the Brownsville Fair Grounds track. Arteban by Pancoast; Lena Rivers by Red Wilkes; Ella W by Tennessee Wilkes; are the best in this lot and are all said to be going fast.

Mr. C. P. Hunt of Memphis, has done very well so far with his colts. He won the 3-year-old stake at Canton, Mo., with Susie Lee; also three races out of four with Almont Archie, but much to his regret his very promising pacer Almont Archie is off and had to be shipped home.

Alex. Mackey left last week for Independence, Iowa, with two very fast colts: Morena by Tennessee Wilkes; dam Lizzie Moore, full sister to Brown Hal; property of Major Campbell Brown. And Ialeene by Tennessee Wilkes; dam by Brown Hal. Alex ought to get some of the stake money with these if they are as good as reports say they are.

Mr. S. N. Warren, of Spring Hill, has a very fast pacer at West Side Park. He calls him Scooter and if the name does not stop him and his pedigree does not fool us, he ought to be a second Hal Pointer. He is a roan by Tom Hal; dam by Brooks, the sire of Bonesetter, and Sam says he can go some, but will not say how fast. I think by this that he must expect to make a killing with him this fall.

Jno. Moore, Jr., of Columbia, recently bought a pacer from Walter Steel, which is said to be very promising. He is a four-year-old, by Tom Hal; dam by Joe Bowers; 2d dam by Jim Crow; 3d dam by Copperbottom.

J. C. R.

## Waldron Gets a Good One.

WALDRON, Ind., August 22. 1891.

ED. SPORTSMAN:—Waldron seems to be "in it." D. H. Thompson of this place has bought the brown stallion Trumps, sired by Ajax (sire of Apple Jack 2:20¼, and others) by Hambletonian 10; dam by Legal Tender Jr., sire of Lowland Girl 2:19¼, Lady Elgin 2:25¼, and many others with records better than 2:30; 2d dam by Grey's Tom Hal, sire of Limber Jack 2:18½, etc., also sire of the dams of Jerome Turner 2:15½, Buffalo Girl 2:12½, St. Denis 2:23¼, etc. Trumps is a beautiful brown, with star and just a little white on one hind foot, is 6 years old, standard bred and registered. He has never had any track work but is quite handy at the pace, having shown Mr. Wilson of Greensburg, a quarter in 37 seconds during stud season.

Respectfully, E C.

## The Dam of Civilian 2:21.

MECHANICSBURG, O., Aug. 24, 1891.

ED. SPORTSMAN:—I notice in your paper that C. S. Radcliff, St. Paul, Minn., claims to have the dam of Givilian, 3-year-old record 2:21. This is not the case as the dam of Civilian is owned at "Spring Creek Stock Farm," Mechanicsburg, O., and was bred by Thomas McAndal, Urbana, O., and was purchased from him by us as a 3-year-old. Civilian was bred and foaled on the farm. The dam has three other foals by Civilzation 2:23¼, and is now in foal by him. She was sired by Gould's Clay, son of C. M. Clay 22; dam by Flying Cloud 134. Hoping young will correct the error, I remain,

Yours respectfully J. H. CONKLYN.

## Races at Hartford.

HARTFORD, Conn., Aug. 25.—About two thousand persons attended the opening of the fall meeting at Charter Oak driving park to-day. The weather was fine and the track was in splendid condition, fast time being made in all the races.

In the first race Grant's Abdallah was a strong favorite on the start, but when Crawford took the third heat the talent began to pick him for a winner. Abdallah took the next two heats and won the race with ease.

Henrietta was picked out to win the 2:19 trotting race and did it, but there were many who expected first money to go to The Seer, and especially after he had taken the second heat. Problem made a good race in all except the second heat, when he came in last.

The unexpected nappened in the third race, the 2:23 trotting. In the betting ring everybody wanted to buy Martha Wilkes. N. T. H. started as a strong second, but was soon relegated to the field. Both he and Sig Light seemed in the racing to be speedier than Martha. The former won the race and Sig Light would undoubtedly have landed second money but for a bad break in the last heat.

E. F. Geers drove Belle Hamlin and Globe to beat the record of Belle and Justina, 2:13. They made the mile without a break in 2:14½. It was a pretty exhibition and was much applauded. The following are the

HARTFORD, Aug. 26.—Only one of the three races down on the card was finished at Charter Oak Park to-day. Eight heats were trotted in the 2: 0 race, with a purse of $10,000, but the issue of it is still uncertain, darkness put an end to the greatest day's racing that has been seen for many a day. There were no walk-overs. Many of the finishes were highly exciting and the result frequently was not known until the judges gave their decision. Only the 2:29 trotting race, the first event, was finished. There was about 10,000 people present. Following are the summaries:

# THE PACERS

It is very hard to get 2:10 speed out of a 2:30 combination. Extreme speed is found in the wiggler.

* * * * *

It is said that Temple Bar can pace a 2:20 gait. His owners use him in the winter time as a saddle horse.

* * * * *

The Bald Hornets are becoming quite numerous and winners in the pacing classes. They are descendants of old Red Buck, the swift wiggler of old.

* * * * *

Maplewood, by Ajax, entered the 2:30 list one day last week by getting a record of 2:25, which now makes him standard.

* * * * *

The dam of *Sciota Girl*, 2:15¼, has been bred to *Fred Arthur*, 2:13¾, from which union there should come a very fast wiggler.

* * * * *

*St. Omar*, an eighteen-year-old son of Blue Bull, that won a pacing record of 2:21½ the other day, was sold last year for $300.

* * * * *

Nelson, 2:10, is quite a fast pacer also, which he shows when coming back to score up for the word go. This he no doubt imbibes from his spiritual ancestor, *Pocahontas*, 2:17.

* * * * *

Sophy, by Edwin Forrest 49, the grand dam of Nancy Hanks, 2:12¼, is also the grand dam of *Mike Wilkes*, 2:15¾, Adrian Wilkes, (sire of *Roy Wilkes*, 2:08¼), and *Ira Wilkes*, 2:22¾.

* * * * *

Black Dick, that obtained a record of 2:25 at Mexico, Mo., a few days ago, is by Black Dick, son of Blue Bull 75, out of a mare by Dr. Herr, so says *Western Resources*. It is claimed that he has shown miles in 2:15.

* * * * *

Judge Cravens, by Blue Bull, has become a producer. His son *Tony Boy*, obtained a record of 2:27¼ last week at Lebanon, Ind. This makes four new sires for old Blue Bull so far this year.

* * * * *

Jack Shiel, by Ross Wilkes, won in his section of the 2:24 class in a seven heat contest, reducing his record several seconds. He is only four years old, yet he fought and won like a veteran.

* * * * *

That old theory must surely be exploded now *"that pacers cannot stay the route"* since the three-year-olds at Independence, Iowa, one day this week paced twelve hard and well contested heats, beating all previo is heat records.

* * * * *

Several of Blue Bull's sons have become new sires thus far this year, while a number of his daughters and grand daughters have added 2:30 performers to his credit also, and one or two of his children, although well up in years have entered the list.

* * * * *

Dick H., by American Boy, 2:26½, won a hard fought race at Chicago last week at the Breeders meeting in a large field of horses, getting a record better than 2:20 in the second heat. This is a great showing for a four-year-old.

* * * * *

*Rahlita*, three years old, by Gambetta Wilkes, has shown that she is a stayer of the first waters, for she helped to manufacture the twelve heats paced at Independence and maintained a good position all the way through.

* * * * *

*Miss Irma C.*, of Indianapolis, Ind., was over visiting at Maysville, Ky., last week among the Bourbon lads and lasses. She got into some pretty fast company, but owing to her good education and right teaching was enabled to come away with first honors in a five heat contest.

* * * * *

There are two ways by which there can be produced a *wiggler* that will beat the unbeaten *Hal Pointer*—first breed a mare by *Brown Hal*, 2:12½, to *Roy Wilkes*, 2:08¼, and she out of a dam with 2;12 blood coursing through her system. The second way is to just reverse the above plan.

* * * * *

*Muncie's Rowdy Boy* is attracting the attention of many local horsemen, when on his gait on North Meridian street. He is owned by the promising young business man M. Soulman, of the Fuller Installment Co., Indianapolis. Mr. Soulman says he can beat 2:30.

* * * * *

Blue Bull could pace a quarter in 30 seconds, halves in 1:05 with a broken knee and a man on his back weighing 175 pounds any time right out of the stud without a moments preparation. This kind of blood is worth its weight in gold and should be cheerished while it can be found in its purest state.

* * * * *

*Argot Wilkes*, 2:24¾, is a bay stallion, five years old, by Tennessee Wilkes, out of a mare by Bennett, (son of Pat Malone, thoroughbred); 2d dam, the grand dam of Hal Pointer, 2:09¾. He made the above record on last Saturday, Aug. 22, and on any good mile track he can beat 2:15 sure. He stands about 15 2½ hands on good stout, cordy legs, with good length of body, and will weigh about eleven hundred pounds. He is already becoming quite a sire, as he now has one or two two-year-olds that will move along quite fast for their age.

Trainer J. A. Peck has just returned from Russia, where he won a good share of the money. He drove the Brooklyn mare Bessie B. to the front, and she is quite able to trot two miles in 5:00 whenever called on. He recently drove the bay stallion Van Tassel, 2:28½, by Crittenden, a full mile in 2:18¾ on the West End track near this city. At this tract he started four horses in one day and won four rrces, and with five horses he won eight races in four days. In Muhlenkamp, Hamburg, at the first spring meeting there, he won from two to three races daily with Bessie B. and Gem. Lady Whitefoot, 2:18¼, has been served by Macey's Hambletonian, sire of Bosque Bonita, and Peck has her in training. Nannie Dillard, dam of Repetition, four, 2:19¼, brought a very fine and strong colt by Fayette Wilkes. Lady Hambletonian, daughter of Macey's Hambletonian, produced a superior colt by Onward, 2:25¼. Pearl Martin has given birth to a roan filly by Jay Bird. In short, the fourteen brood mares bought by Dr. Beerman during his last visit to the United States have all produced strong, healthy foals, and are all doing well. The yearling colt Western John, by Quartermaster, 2:21¼, out of Westesn Belle, 2:24¼, is full of promise. He is a coal black, and his trainer, John Peck, is very sweet on him. Western Belle died of pneumonia at Bremer Haven. The yearling filly, sister to Repetition, by Red Wilkes, out of Nannie Dillard, is the gem of the youngsters. The bay stallion Independence, 2:21¼, by Young Hindoo, has just completed his stud season in Vienna, where his book filled in thirty days. Peck will prepare him to trot a fast mile in October, with a view to selling him to the Vienna Club. Trainer Dan McPhee has returned from Russia, and will henceforth devote his time and talent to breeding and racing in Austria, France and Germany. He does not like the plans and methods of trotting in vogue in the land of the Czar. The crack mare Polly, formerly Utopia, who was sold to parties from Russie this spring for 30,000 marks, has broken down and will be bred to one of the American stallions. The white gelding Dan Jenkins, who is very handy with a skip and a skive when pressed, was disqualified from all races in Russia for his rough way of going. The little mare Kensett F. has been lame all season. Dan McPhee has sold the bay gelding Judge Davis to a citizen in Vienna, Alien Almont, alias Belle Parir, has given birth to a fine filly by Americus, a stallion John Splan brought to England. Colonel Wood is the chief string to Trainer McPhee's bow, and he will race him at the Hamburg meeting the first week in August. The Moessinger string, Gypsy Queen, Lottie W. and Blue Belle, have not won a race this year. Gypsy Queen has lost about all her speed. No wonder that Barney Stanford gave them up and returned to his own country. The game little bay gelding Busby is completely broken down. Bonnie L., Smith O'Brien and Geraldine have been sold to go to Holland, and Josie S. has been purchased by a buyer from Baden Baden, where there is a new trotting track, and a good meeting will be given there the coming fall. You know that Baden Baden is a gamoling resort, and many a running race has come off there. Dexter Goff is still in this land of the living and place of hope, but it is hard work for him to catch on."

### The Louisville Sale.

The Great Combination Sale at Louisville, Ky., is going with a boom, and the tide that is setting toward this point guarantees another successful horse sale. The public has readily caught on, and realizes the many advantages that this point affords for a horse sale, piloted by a man who has never known a failure in a combination sale. Everything will be done to make this sale meet the demands of the age, not a stone will be left unturned to insure its success. Confidence of owners of stock offered for sale. Confidence of purchasers of same must be maintained, as no sale can be a success without it. People will come and buy where they have assurances of a square deal and things are as represented. Confidence creates a market and makes this the best place for a square man to offer his stock. A fraud cannot go through this sale, as statements of the owner in reference to his stock are recorded by the clerk, an examination is made immediately after the sale and should said statements not prove correct the purchasers does not take the animal, consequently there is no better place to buy. No place that guarantees a squarer deal and for these reasons the best men in the country are entering their valuable stock to be sold in this sale. The prospects are that we will get more stock than we want and will have to refuse many entries, as every mail brings orders for entry blanks from different parts of the country. P. C. KIDD.

### Importance of the Non-Standard Department

Under this heading the August No. of the Monthly makes the following very pertinent remarks:

Breeders and owners should not fail to have their non-standard animals registered without unnecessary delay. The non-standard animal of the present is not only liable but apt to become a standard horse in the future. The register while the facts are obtainable preserves the history and will save a great deal of trouble, and possibly rejection in the standard department at some future period. Many animals of excellent breeding lack only a link in their pedigree to make them standard, and by discovery of new evidence, or by subsequent events, may become entitled to registration as standard. By registering you preserve the facts you now have.

The uncertainty of life and change of residence of breeders makes delay unwise. Animals registered in the non-standard department, which become standard, will be brought forward in the next succeeding volume of the Register without additional charge.

### The Combination Sale of Chicago

F. J. Berry & Co., feel highly complimented at the interest shown in their Oct. 26th to 31st, Combination Breeders' Sale. Prominent breeders are making choice entries and the sale in the number and quality of the horses will be the most select of any conducted by the firm. Several consignments, not up to the high standard of this sale, have been returned to owners as the aim is to make their October sale the great sale of the year for high breeding and choice individuality. Chicago is admirably located for great Breeders' Sales, and F. J. Berry & Co.'s facilities for accommodating and exhibiting horses are unsurpassed. This sale will be a grand opportunity for stock farms to dispose of their surplus and for young breeders to purchase gilt-edge stock. For entry blanks and full particulars, address F. J. Berry & Co., Union Stock Yards, Chicago, Ills.

### Pleasant Employment at Good Pay.

The publishers of SEED-TIME AND HARVEST, an old established monthly, determined to greatly increase their subscription lists, will employ a number of active agents for the ensuing six month at $50.00 PER MONTH or more if their services warrant it. To insure active work an additional cash prize of $100.00 to the agent who obtains the largest number of subscribers. "The early bird gets the worm." Send four silver dimes, or twenty 2-cent stamps with your application, stating your age and territory desired, naming some prominent business man as reference as to your capabilities, and we mean to give you a trial. The 40 cents pays for your subscription and you will receive full particulars.

Address, SEED-TIME AND HARVEST, 828-8 LaPlume, Penn.

## The Vandalia Line

Invites attention to *a few facts.*

First—It is the shortest and quickest line between Indianapolis and St. Louis, and runs four fast express trains each way in addition to local accommodation trains.

Second—Pullman Vestibuled Sleeping Cars are carried on all through trains.

Third—The employes are uniformly polite and attentive.

Fourth—All complaints of whatever character receive prompt and careful attention.

Fifth—The mechanical excellence of the road-bed being constantly maintained, and the construction of the trains equipments being of the latest and most substantial character, the highest speed can be made with perfect comfort and safety.

Sixth—The new and beautiful dining car, with their dainty china, rice silverware, spotless linen and bounteous bill of fare are a delight to travelers.

Seventh—Trains are run with remarkable regularity.

Eight—For the above and other good reasons the United Stakes Goverment has chosen the Vandalia Line for its Fast Mail Route between the East and the West.

Test the above statements by giving the line a trail.

For through rates, time of trains, sleeping car reservations or other informatiou, call upon or address W. F. BRUNNER, District Passenger Agent, Indianapolis, Ind.

## The Finest on Earth.

# THE BEST STOCK FARM IN INDIANA.

## FOR SALE AT A BARGAIN.

It consists of **240 Acres of choice Land** of which not a foot is waste. There are three good houses on it, one of which is entirely new and handsome; and the other not more than four or five years old. Two of the finest horse barns are also on the place, one of which is a training barn, situated near the new house and has eleven new box stalls wainscoated and ceiled, with extra good plank floors on, fine office and harness room. There is room enough to place nearly 100 tons of hay under cover, on the farm. The broodmare barn has seven (7) box stalls 12x14 with paddocks adjoining. The granaries are perfectly rat-proof, clean and large. There is a good pike running nearly around the farm in extra good condition, all paid for; three never failing wells and the entire farm is under good fencing. The farm is just two miles from one of the best county seats in Indiana that has two good railroads and a population of five thousand.

## A Good Half-Mile Track Laid Out.

This is truly one of the greatest bargains in the country for any one desiring to raise horses, for the best of grain and hay and plenty of it raised in the county and on this farm. Most of the farm is in grass and just right to look at for the purchaser. My reasons for selling is that I have not the time to spare to look after it and my attention is called in another direction. The FARM can be bought worth the money and it is ready right now to begin business on. From the new house every part of the farm can be seen so that the stock will be at all times under observation. **For full particulars and a photograph to those who mean business, write,**

## TO BE SOLD BY THE

# Kalamazoo Farm in 1891.

To accomplish this we will sell stock for 10 per cent. less than you can buy it at public sale. Why? It cost this amount to consignors in commissions, freight and other expenses, and we propose to give the purchaser the benefit of this. Besides, you can come to our farm, make your selection, see it in harness, or otherwise, to your satisfaction. No haste or confution.

EVERY STATEMENT ABSOLUTELY GUARANTEED. If we ofier speed, will show it to you, and in harness. We offer

YOUNG STALLIONS ready for the stud that are trotters.

MARES out of great producing dams that can win their cost in races, and then be worth more for a broodmare than first cost.

OUR YOUNGSTERS are all well engaged in the great stakes, some of them eligible to win $50,000 or over in one season.

COME—we will entertain you with speed enough to pay you for the visit if you don't buy.

## The Chance of a

I HAVE concluded to close [illegible] of trotters, both stallions and broodmares.

VITALIS 8720, son of Red Wilkes, with more 2:30 performers than any other son of the mighty George Wilkes; dam Nooks Clay, by the wonderful broodmare sire, American Clay 34. Vitalis is very speedy and is a sure producer of speed which I will convice any one if they will only come and see his colts. He is sound every way, and the surest foal getter I ever saw. His colts are prize winners.

ROLLY WILKES by Red Wilkes; first dam of Mambrino Chief blood. This is a large fine colt, very showy, only broken nicely and can go out any day and beat three minutes.

LADY DEFIANCE, bay mare, 15¾ hands high, 4 years old, sired by Jim Wilson 1053; can beat 2:40 in two weeks work; is a nice show mare; is safe in foal to Jim Wilson 12 88 (Blne Bull). This colt will be worth one thousand dollars.

MAGGIE D., sired by Mambrino Thorne, one of the best sons of the great Hambrino 832; first dam by Hambrino 820 (and the dam of Talcon, 3 years old, record 2:45); 2d dam Old Dutch Girl, record 2:34, and trials in 2:25. Maggie is a speed producer She is the dam of Lady Defiance that trotted better than three minutes at 2 years old in six weeks work, has been breeding ever since.

Next comes MISS EAST LAKE Here is not only the best bred filly, but a sure trotter; sired by Vitalis 8720; dam Lady Defiance; 2d dam Maggie D.; 3d dam Hambrino Girl; 4th dam Old Dutch Girl. Miss East Lake is a very fast yearling, is nicely broken to harness.

ELLA WOODS by Vitalis 8725; dam Barbed Wire, record 2:50 and never was worked two months in all, by Hambrino2:21; 2d dam Old Dutch Girl 2:34, trial 2:25. In color, a dark chestnut, star and one white pastern behind. She is A No. one every way.

The next is a winner sure, and her name will assure you that she is an actor, ROSA BONHER, dark chestnut, as pretty as she can be; sired by Vitalis 8720; dam Maggie D.; 2d dam Hambrino Girl; 3d dam Old Dutch Girl 2:34.

Next is EARL DAILEY, full brother to Rosa Bohnier, can trot fast in his yearling form, a model colt in every way.

Next is TOWN BOY, sired by Vitalis 8720; dam by Blackwood, Jr.

This stock is a first-class lot—it represents the best of trotting families; is good individually. The broodmares can all trot fast while they have never been given a chance to go fast; they can all beat three minutes. The colts I speak of are sired by one of the very best sons of the great Red Wilkes—a little time will fully prove this.

I will trade this lot for a good improved farm, well located in any of the following states: Indiana, Illinois, Michigan and Ohio.

## New Improved Double Strap

# PATENT SPREADER.

Will teach trotters and pacers to go steady and open-gaited, without striking quarters, shins, scalping or going with one or both feet inside. The most simple and effectual spreader ever invented. Does not attach to shaft, but merely goes around the legs. Cannot chafe or change position, and as it is the smallest boot made it can hardly be noticed when in use. It is guaranteed to promote speed, as it widens the gait in both fast and slow work, and stops all interfering in road or track-work, thereby making a horse easier to handle, moves faster, catch quicker, as hind legs are kept apart without any strain. The only article ever invented whereby a colt can be gaited before it has ever had a harness on. These boots only have to be used a few times before the horse becomes natural with them.

What more do you want to convince you that the **TRUSS BAR and AXLE SULKY** leads all others in every respect? We invite your attention to the low records made in this Sulky which are but a few of the many hundreds we can give. The showing is certainly a striking one and should serve as a pointer to all intending to purchase the said Sulky.

We have now improved the TRUSS BAR and TRUSS AXLE SULKY for 1891, and hence a faster Sulky is assured, you cannot afford to use anything but the best. Have already booked many orders for special sulkies. We make seven different distinct sizes.

By DON COSSACK, dam May Queen, by American Clay, grand dam by Ericsson. The celebrated Don Cossack herd has been shown sixteen times, always winning a prize. King Cossack won first prize at the National Horse Show held at New York twice. In 1888 King Cossack won the sweepstakes at Tri-State Fair held at Toledo, O., defeating a large field of aged stallions. Also, won first prize in 1888 at Illinois State fair, for standard-bred trotting stallions, four years old and over. Fee $25, with usual privilege of return. Mares kept at current rates.

S. J. PEABODY, Columbia City, Ind.

At 14 Years, 26 in 2:30 list. **SOUTH ELKHORN.** Champion yearling, 2:31¼.

**ONWARD.** RECORD 2:25¼. Geo. Wilkes—Old Dolly. At 14 years of age Onward has to his credit 28 performers in 2:30 and better, a record unequalled by any sire living or dead. Limited to 30 mares at $400.

**NORVAL** RECORD 2:17¼. By Electioneer, dam Norma (dam of Lucy Cuyler, wagon trial 2:15½, half-mile 1:05) by Alexander's Norman (sire of Lula 2:15, May Queen 2:20, &c. Norval's training was discontinued at Palo Alto in his 3-year-old form. On Aug. 1, 1889, after serving 98 mares, he was again placed in active training, and in less than four weeks trotted to his record of 2:17¼ in the third heat of a race. He has shown sufficicient speed to warrant the opinion that with further handling he will acquire the stallion record. He is also the sire of the champion yearling, Norlaine, 2:21¼. Limited to 30 mares at $300.

**MADRID 1835** By George Wilkes; 1st dam Mercedes (sister to Meander) by Belmont; 2d dam Minerva (2 in the 2:30 list) by Pilot Jr.; 3d dam by Mambrino Chief. Madrid's opportunities have been limited. His get are good-gaited and show plenty of natural speed. Cognac, record 2:20½ at 4 years old, is the only one of his get ever trained. Limited to 30 mares at $100.

**NUTPATCH** Sired by Nutwood 2:18¾, (sire of Woodnut and 44 others in 2:30 list), dam Patchen Maid (dam of Astral 2:18; Marshall Kleber, sire of Mistake 2:20¾) by Mambrino Patchen; 2d dam Lady Eleanor by Mambrino Chief. Nutpatch unites the blood of Miss Russell and a producing daughter of Mambrino Patchen. Limited to 30 mares at $100.

Mares failing to prove in foal to either stallion may be returned in 1891. Mares on grass $1 per week, fed grain at $2 per week, or $30 per year, at owner's risk. **Choice Standard-Bred Stock, suitable for track or stud, FOR SALE.** Catalogues forwarded.

Bradshaw 2:20¾; Nelly L. 2:23¾; Gambetta 2:26; TheKing 2:29¾; Outlaw 2:29¼; Pearl 2:30.

Fourth dam Jessie, by Thomas Jefferson.

He is a beautiful black, with right hind ankle white, stands 15¾ hands high, and is a perfect horse all over, having both bone and substance combined, with the form and finish characteristic of the cross he so well represents, viz: Hambletonian sire and Mambrino Patchen dam. This cross stands as the very best because public performances have demonstrated its value. Of its many representatives not one is the superior of Bermuda, for not one has demonstrated the same ability to train on from year to year, beginning in the yearling form none are better bred or better looking.

As a sire he is of course untried, his first colts being foaled in 1889, now yearlings. Judged at this age no stallion ever sired more uniform natural gaited colts with speed unprecedent. He will stand for mares the season of 1891, at **$200 TO INSURE**, the money to be paid as follows: $100 at the time of service and the other $100 when the mare proves in foal, being limity to 30 mares outside mares. Parties wishing to breed to him had better book their mares early.

The fee of Fayette Wilkes is within the reach of all, and lower than that of any horse of equal merit in Ky. **SEASON, $100.**

## West 5195;

[illegible] his sire out of the dam of [illegible] Amer[illegible] which [illegible] Horseman, New York [illegible] horse [illegible] ored at Ashland Park.

**Sired by Abdallah West 2853.**

[Sire of Wilkin 2:27]

First dam, the dam of Black Cloud 2:17¼, by Pilot Walker, pacer.

Second dam the Clake pacing mare.

NOTE.—Abdallah West 2853, by Allie West; dam Miss Coons (dam of Wilson 2:16¼) by Clark Chief; 2d dam Ohio by American Clay; 3d dam brought from Ohio and represented to be by Brown's Bellfounder. Abdallah West died at six years old. He was the most promising colt I ever bred.

WEST CLOUD is a rich mahogany bay, 15 hands 2 inches high, with black mane and tail and black legs extending above knees and hocks. He is a powerfully build horse for his height, and has the most finished set of feet and legs its possible to get on a horse of any breed. As a 2-year-old he gave evidence of being possessed of remarkable speed, as with little handling he trotted a half-mile in 1:18 1-5, and miles in his work in 2:49½. At 3 years old he was not trained, owing to a very severe attack of pink eye. He also done no work on the track as a 4-year-old. As a 5-year-old he was jogged and trained lightly, more for the purpose of ascertaining if he was entirely recovered than with a view of testing his speed. In a few months he trotted a full mile in 2:38 and half in 1:15. This season (1890) he served a few mares of my own and was not put to work untill September, and his improvement was most remarkable. He repeatedly trotted halves in 1:10, and I am fully convinced he will with a season's training trot in 2:20. I will let him serve 20 mares, season of 1891, outside of 10 of my own, at **$50 The SEASON**, money due at time of service or before removal of mare. The usual return privilege is given to return mare in 1892 should she not get in foal.

Mares bred by the season, not proving in foal, have the usual privilege of return. I breed sound, highly-finished trotters, and have for sale high-bred colts and fillies, out of producing dams, by a greater number of prominent sires, than any farm in the land. For sale at prices based on actual individual merit. For further information see catalogues, which can be had on application; Mares kept at regular rates. [nov29y]
